# *Freestyle Clinic with Cynthia Collins*

## *'Luna Tunes Freestyles'*

### Who:

Cynthia has been designing and riding championship quality freestyles at all the levels for more than a decade. She designs freestyles for riders all across the country. One of her best known clients is two-time Olympian Hilda Gurney. Cynthia is also a USEF Dressage TD, which gives her a unique insight into what the current competition trends are. A full listing of Cynthia's accomplishments can be found at her website [www.lunatunesfreestyles.com](http://www.lunatunesfreestyles.com).

### What:

A 2 day clinic plus a two hour lecture Friday evening.

\*Riders and auditors will leave the clinic with a greater understanding of the freestyle process. They will see first hand how the appropriate music can enhance the horse's gaits. They will also observe how choreography is developed based on musical phrases in the music selected.

\*The lecture covers the USEF rules and the USDF and FEI requirements for all levels of freestyles. Questions can be answered at any time during the presentation. The video shows freestyles I have designed for myself and clients from First Level through Grand Prix. The technical and artist aspects of the freestyles are discussed during the presentation.
